|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |

| 8. Name, mailing address, physical address, and telephone number of EACH OCCUPANT any of the land where the dirt work will be done: |  |                                 |                                 |  |  | OCCUPANT of |
|---|--|---------------------------------|---------------------------------|--|--|-------------|
|   |  | 30000330 430 003-0042 350-00400 | 490.000 U.S 20.000 V.S 20.00000 |  |  |             |
|   |  |                                 |                                 |  |  |             |
| ·   |  |                                 |                                 |  |  |             |
|   |  |                                 |                                 |  |  |             |
|   |  |                                 |                                 |  |  |             |
| 2   |  |                                 |                                 |  |  |             |
|   |  |                                 |                                 |  |  |             |
| <u> </u>  |  |                                 |                                 |  |  |             |
|   |  |                                 |                                 |  |  |             |

- 9. Sign and attach a plan and drawing of the proposed action, showing each of the items listed below. The information and drawings required by this section need not be to scale or prepared by a surveyor or engineer, unless the City Floodplain Administrator determines, in his sole discretion, that such requirements are necessary in order to make the information adequately reliable, considering the items listed below.
  - a. Overall layout of the subject tract and neighboring tracts;
  - b. Elevations and contours of the subject tract;
  - c. All slopes, drainage features, and drainage structures, such as ditches, swales, waterways, ponds, holes, mounds, ridges, berms, and dams;
  - d. All pavement, structures, and water runoff from pavement and structures:
  - e. The paths of water upon, to, from, within, and across the property;
  - f. Flood zones and floodways as determined by the applicable FEMA maps, the Base Flood Elevation (BFE), and the flood zone;
  - g. Any proposed drainage improvements including any detention areas and depths with preliminary calculations;
  - h. Any proposed easements which shall include all drainage and maintenance easements;
  - i. The drainage facilities and features on adjoining and nearby property that affect the entry of water onto the property or that affect the receipt or direction of runoff onto such other property from the property in question;
  - j. The effect of the proposed work or structure upon the drainage the subject property and of neighboring and nearby property; and
  - k. Any other information requested by the City Floodplain Administrator concerning the drainage impact of the proposed project.

| 10. Describe the dirt work in full and in detail. Attach additional pages if necessary. In the Drainage Ordinance, "dirt work" means any of the following actions: excavating, ditching, |  |  |  |  |  |  |  |
|--|--|--|--|--|--|--|--|
| filling, or otherwise in any way changing the elevation or the drainage of any real propert  |  |  |  |  |  |  |  |
| regardless whether done by moving dirt or otherwise.   |  |  |  |  |  |  |  |
